♡ erroneously you believe I am not near enough, whereas these moments I am as close to you as one can be ♡

Suddenly I discerned Him so clearly. (He proved to me with certain gestures of His, His so alive Presence!) it went on for a few minutes. It was wonderful!

all is supernatual, impossible to comprehend if you place these actions in the physical state.

In my private pad Jesus gave me a message which startled me. I got up leaving alone that message. Later on I went to write, Jesus repeated that message; I started to fear; my thoughts as once before raced to confusion, asking myself and God, 'why me?' why has really all this writing started, why do I feel like this, bonded with God? how was I before a year ½ and how I am now. I'm living in the Truth and I feel responsible of all what's happening I feel I should please God. Then again doubts, doubts that made me test Jesus (piece of paper attached :) I came to him doubting. He knew it. He asked 'well?' and
